Myra

I just received an email today from Nick Gannon today on these three and do not have an email on how to download them from Sky Drive.

MF2B96  
MF2B65  
MF2B20

The other packages that I have received before today and have not received an email that they are on the Sky Drive.

F2C99  
MF2A03  
MF2A10  
MF2A29  
MF2A74  
MF2A85  
MF2B63  
MF2B95

Thanks

Hello Brian

Please identify the SDGs that you are missing the sky drive e-mail. Send a list and we will check on it now.

Myra

I have received all of the data from the Lab and just waiting for an email that it is ready to be downloaded on Sky Drive.

Thanks

Brian – I advice that we wait until Ray returns next Monday. I do not have access to Sky Drive, so I cannot help you with this issue.

Have you received (by e-mail) the validated reports and the excel spreadsheets? If the answer is no, please let me know ASAP.

Take care.

Myra

I have not received emails with a link to Skynet for all of the validated data packages that I have received from Raymond. Do I need to send you or Raymond an email identifying which packages and if so how soon do I need to do that. I would note that for one of the reviewers, I have not received a single email notifying me about Skynet.

Thanks
